   • Modernize student support systems and services
   • Build data and analytic capacity and utilization
   • Organize, streamline and coordinate advising and student success efforts
NAVIGATE U APPROACH
ENSURING AN EXCEPTIONAL EDUCATIONAL EXPERIENCE FOR EVERY STUDENT

Awareness & Engagement
- Encourage pre-enrollment awareness (campus visits, high school programming, etc.), concurrent education, and Engage U activities.

Student Transitions
- Optimize Orientation to provide students with best foundation possible to navigate the U—including orientation sessions, first-year and transfer seminars, extended orientation opportunities.

Proactive Academic Advising
- Ensure institution-initiated, targeted interventions to students using academic advisors and predictive analytics to positively impact retention, time to degree, and graduation rates.

Academic Planning & Curriculum Systems
- Strategically reconstitute particular aspects such as academic calendar, course wait list tracking, DARS system, curricular appeals and petitions, and other key components.

Financial Structures
- Create greater transparency in fee structure, map tuition holds, inventory, and use strategically targeted micro retention grants.

First Experiences & Experiential Learning
- Support students entering into first experiences with early start programs, first-year learning communities, LEAP-experience cohort programs, and experiential learning, and career success opportunities.

Student Pathways & Career Success
- Augment and enhance student academic navigation through curriculum by offering meta majors, student academic communities, mentor programs, experiential learning, and career success opportunities.

Academic & Well-Being Support
- Facilitate student success by investing in supplemental instruction, peer education network, student success coaching, and student wellness resources related to leadership, engagement, advocacy, and health.
